Kidney and Bladder wes ness result from uric acid, says a note authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread. the water passes sometimes with a scalding sensation and is very profuse; again.

there is difficulty in voiding it.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of the urine so it no longer is a source of initation to the bladder and urinary or

gans, which then act normally again.

Jad Salts is inexpensive, harmless,
and is made from the acid of grapes
and lemon juice, combined with lithia,
and is used by thousands of folks who are aubject to urinary disorders caused by uric acid irritation. Jad Salta is splendid for kidneys and causes no bad ffects whatever.

LONDON, Dec. 3 .- December 9 has been set as the date for discussion of peace terms in the German Reichstag in accordance with the Socialist demands, according to despatches from Lausanne, Switzerland, to-day,

LONDON, Nov. 23 (Correspondence of the Associated Press).-Speculation about the possibility of peace, talk that seems to come from Switzerland, always vague and usually negative, strikes no audibly responsive chord in London.
